Hi Angela,

Attached are four files for the council members.

Fact sheet -- two pages summarizing the Advanced Notice of Proposed Rulemaking for Water Quality Challenges in the San Francisco Bay/Sacramento-San Joaquin Delta Estuary.
Federal Register text of the Advanced Notice of Proposed Rulemaking for Water Quality Challenges in the San Francisco Bay/Sacramento-San Joaquin Delta Estuary.
Unabridged version of the Advanced Notice of Proposed Rulemaking for Water Quality Challenges in the San Francisco Bay/Sacramento-San Joaquin Delta Estuary.
Frequently Asked Questions.

There are two versions of the advanced notice of proposed rulemaking. One is short and will be printed in the Federal Register. The FR format does not easily take graphs, maps, charts, etc... so we have a longer version of the ANPR on our website that won't be printed in the FR. It has much more detail regarding scientific knowledge of stressors, the Clean Water Act, and how Clean Water Act programs are implemented in the Bay Delta Estuary to address stressors.

All of this information is available on our website at <http://www.epa.gov/region9/water/watershed/sfbay-delta/anpr.html>

We will get you a presentation as soon as we can!

Thanks,
Erin
